For those who seek sophistication in all areas of life, there are the Absolute series pellet stoves. They're unparalleled, only attaining the Harman name after achieving strict quality standards. Performance and engineering excellence are infused into every detail of the Absolute43 and Absolute63. From transitional styling and industry-leading heat, to whisper-quiet operation and Harman EASY Touch Control, this is the new standard of greatness.

-  **EASY Touch Controls** easy to use, one-screen operation with menus for scheduling, diagnostics, cleaning prompts and fuel gauges
-  **Wireless Room Sensor** compliments the Easy Touch Control system and gives you the most precise temperatures where you want to feel the heat
-  **ESP Temperature Control** an exhaust sensing probe system delivers precise heating control and constantly monitors and adjusts heat output to maintain set room temperatures
-  **PelletPro™ Technology** makes it possible to burn any grade of pellet fuel with maximum heat and efficiency. A bottom-up feed system burns each pellet completely and allows for 24-hour heating

Variable speed fans and multidirectional airflow vents send warmth out into the room
